SUMMARY

I am a Mechanical Engineering student at the American University of Iraq, Sulaimani (AUIS), with a strong passion for materials science and machinery design. My interests also extend to project management and leadership, where I aim to apply my technical and organizational skills to drive innovation and lead successful projects. I am continuously seeking opportunities to learn, grow, and contribute to both the engineering and management fields.

EXPERIENCE

Product Designer - Makers of Baghdad Internship (On-site) Jul 2024 – Sep 2024

- Designed and managed cost-efficient products, including medals, games, and material usage.
- Operated CNC Laser Machines for cutting and engraving various materials.
- Provided technical assistance and maintenance support in the fabrication lab.
- Operated Faber Laser machines for precision cutting and design tasks.

COURSES

- Principles of Project Management
- Foundations of Information Technology
- MATLAB for Numerical Analysis
- Excel for Engineering Statistics
- Minitab for Statistical Analysis
- Digital Product Management: Modern Fundamentals – University of Virginia
- Creative Thinking: Techniques and Tools for Success – Imperial College London

CERTIFICATIONS

- Google Cloud Professional Certificate: Generative AI Leader – Google Cloud (Jan 2026)
(Comprehensive 5-course program on Gen AI strategy, applications, and agents for business transformation)
- Generative AI: Prompt Engineering Basics – IBM (Jan 2026)
(Mastered prompt design techniques for effective AI interaction)
- Generative AI: Introduction and Applications – IBM (Jan 2026)
- Rapid Prototyping Using 3D Printing Specialization – Arizona State University (Jan 2026)
(Engineering Design Processes, Prototyping Methodologies, 3D Printing Technologies)
- Human Resources Management – Multisoft Systems (Sep 2025)
- OSHA Oil and Gas Safety (Participant) (Aug 2025)
- AI Elements in Business – MENA Learning (Jul 2025)
- Business Model Canvas – Kennesaw State University (Jul 2025)
- IOSH Working Safely – Microteach (Jul 2025)

EDUCATION

Bachelor of Science in Mechanical Engineering Feb 2024 – Present
American University of Iraq, Sulaimani (AUIS)

VOLUNTEERING

- Mentor – MENA Learning (2025)
- Operator and Copywriter – ETC (2023)
- Copywriting Mentor – S.A.V.I (2023)
- Copywriter – Baghdad Kite Carnival (2022)
- Copywriter – Baghdad Book Fair (2022)

ADDITIONAL INFORMATION

Technical Skills:

Certified/Proficient: Generative AI Strategy, Prompt Engineering, Rapid Prototyping, 3D Printing, CNC Laser Operation, Product Design.

In Progress: SolidWorks, Fusion 360, AutoCAD, MATLAB, Minitab, Excel (Engineering Statistics).

Languages:

Arabic (Native or Bilingual Proficiency), English (Native or Bilingual Proficiency).

Birth: 2004
